PROFILE

Information Technology graduate with experience in data analytics and system development, from building BI dashboards for business decision-making to supporting government data systems. Skilled in SQL, Python, Power BI, and Looker Studio, with a strong focus on data quality, visualization, and transforming raw data into actionable insights for business and operational needs. Strong attention to data quality and consistency, backed by leadership experience across multiple student organizations, and eager to contribute to data-driven decision-making in a business environment.

PROFESSIONAL EXPERIENCE

PT Infomedia Nusantara, *Junior Data & Quality Analyst - Government & Energy Operations* 09/2026 – Present
- Developed business intelligence dashboards to support operational performance monitoring.
- Analyzed and validated data to ensure accuracy and consistency in reporting.
- Translated business requirements into data-driven insights and visualizations.

PT Berkah Industri Mesin Angkat (PT BIMA) – Pelindo Group 09/2026 – 10/2026 | Surabaya
Data Analyst Intern – Logistics Division (Procurement Planning)
- Cross-validated procurement data in Excel against Looker Studio dashboards to ensure data consistency.
- Prepared Purchase Requisition (PR) packages, learned SAP-based procurement workflows.
- Proposed innovations to simplify manual data entry.

Kimia Farma x Rakamin Academy, *Big Data Analytics Project-Based Intern* 03/2026 – 04/2026
- Analyzed one year of transactional sales data using SQL and Python to identify revenue trends, customer behavior, and product performance.
- Performed data preprocessing, quality checks, EDA, reporting, and dashboard development to support business monitoring and data-driven decisions.

Dinas Komunikasi dan Informatika Kabupaten Madiun 01/2025 – 03/2025
Developer Intern - System & Data Support
- Supported the development and maintenance of government service systems using MySQL databases and RESTful APIs while ensuring data consistency and system reliability.
- Collaborated with cross-functional teams to manage data integration and system workflows, supporting more reliable and efficient digital public services.

Information Technology Department (ITS), *Assistant Lecturer - Enterprise Architecture* 02/2024 – 07/2024
- Assisted in teaching enterprise architecture concepts and guiding students in system analysis and problem-solving activities.
- Supported evaluation and technical discussions related to large-scale information systems and business process analysis.

EDUCATION

Bachelor's Graduate in Information Technology, *Institut Teknologi Sepuluh Nopember (ITS)* 2022 – 2026
- GPA : 3.70 / 4.00
- Relevant coursework : Artificial Intelligence, Data Mining, Machine Learning , Big Data, Statistical Analysis.

Science major, *SMA Negeri 1 Kauman* 2019 – 2022
- Grade : 87.89

COURSES

Bootcamp Data Analyst & Business Intelligence , *Cerelates - CAMP Batch 4* 03/2026 – 07/2026
- Completed hands-on training in data analysis, BI dashboards, SQL, ETL, reporting, and data visualization using SQL, Python, Excel, PostgreSQL, DBeaver, Data Studio, and Power BI through real-world case studies.
- Presented analytical findings and dashboard insights through business presentations to support data-driven decision-making.

LEADERSHIP & ORGANIZATIONAL EXPERIENCE

Himpunan Mahasiswa Teknologi Informasi, *Internal General Secretary* 02/2025 – 02/2026
• Managed organizational documentation and coordinated internal administrative workflows across multiple divisions.

A Renewal Agent 6.0, *General Secretary* 09/2024 – 04/2025
• Coordinated with multiple divisions to maintain organized workflows documentation, communication, and administrative processes.

A Renewal Agent 5.0, *Head of Liaison Officer* 09/2023 – 04/2024
- Led liaison division and coordinated communication with external stakeholders.
- Trained staff to handle professional communication and event support responsibilities.

Orientation Program (OKKBK IT 2024), *Head of Events* 2024 – 2024
• Led event planning and cross-functional team coordination to ensure successful program execution.
• Managed project timelines, team progress, and communication during event implementation.

PROJECTS

Project Freelance - Dashboard Data Analyst, *Sales & Production Dashboard*
- Built two end-to-end dashboards for sales and production teams, identifying customer revenue concentration, SKU margin gaps, and machine utilization issues to support data-driven decisions.
- Delivered cross-functional insights to guide follow-up actions across sales and production teams.

Kimia Farma BigQuery Analysis, *Project Based - Big Data Analytics*
- Queried and analyzed one year of transactional sales data using SQL (joins, schema-level queries) and Python to generate insights on revenue trends, customer behavior, and product performance.
- Performed data cleaning, preprocessing, data visualization, exploratory data analysis (EDA), and dashboard development to support business reporting and decision making.

CERTIFICATES & ACHIEVEMENTS

- **Bootcamp Data Analyst & Business Intelligence:** Date: 2026-07
- **AI Productivity and AI API Integration for Developers, Hacktiv8:** Date: 2026-03
- **Project-Based Internship, Rakamin x Kimia Farma:** Date: 2026-03
- **Bootcamp Data Analyst with SQL & Python, DQLab:** Date: 2025-08
- **Bootcamp Machine Learning & AI, DQLab:** Date: 2025-08
- **Bootcamp Data Analyst with Excel, DQLab:** Date: 2025-08
- **Google IT Support Professional Certificate, Coursera:** Date: 2023-02

TECHNICAL SKILL

- **Data Analysis:** SQL | Python | Microsoft Excel | Pandas | NumPy | Exploratory Data Analysis (EDA) | ETL | Data Warehouse | Data Quality
- **Database & Tools:** MySQL | Google BigQuery | PostgreSQL | Git | GitHub | Docker | Jupyter Notebook
- **Programming & Query Languages:** Python | SQL | Java | JavaScript | C/C++ | PHP (Laravel)
- **Business Intelligence & Visualization:** Interactive Dashboard Development | Microsoft Excel | Microsoft PowerPoint | Power BI | Google Data Studio
- **Data Engineering & Machine Learning:** PySpark | Apache Spark | Kafka | Scikit-learn | TensorFlow | Forecasting

SOFT SKILL

- Analytical Thinking & Problem Solving
- Adaptability & Time Management
- Communication & Interpersonal Skills
- Attention to Detail & Willingness to Learn
